

Rainbow Pack - Home Learning

Think Inside The Box!

This week we are using boxes, tubes and other things we can recycle for all of our activities.

Target Practice

You could make your own monster tunnel, like this idea from from Alistair Bryce-Clegg's website <https://abcdoes.com/home-learning>

- Find a Box
- Cut some different size holes in the side
- Decorate the holes to look like monsters
- Roll a ball – can you get it into the monster's mouth?
- Maybe you could give each hole a number and keep score!

You can have great fun trying to roll a ball into the different holes. If you haven't got a big box, you could use a few small boxes instead.

You could use old bottles or tins to make a skittles game, or balance balls on top of cardboard tubes and then see if you can knock them off.

Rainbow Pack - Home Learning

Boxes are brilliant for making things with. A big box can be a house, a castle or a train.

Ramps and slides

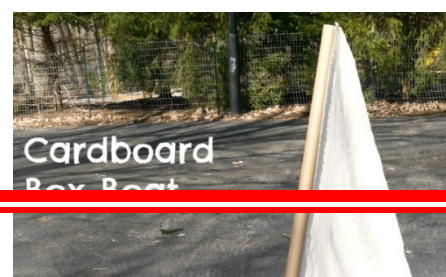

Maybe you could use cardboard boxes or tubes to make a ramp -

Nature detectives

Make some binoculars and take them with you on your walk. See how many different birds you can spot. Look high in the trees and see if you can spot a bird's nest too.

Rainbow Pack - Home Learning

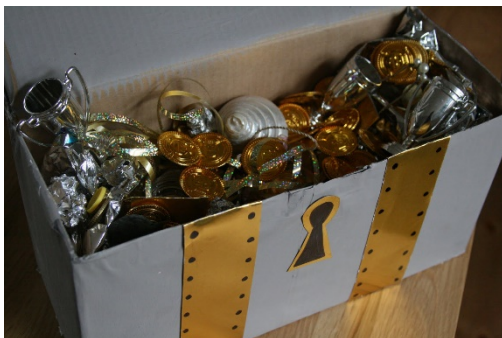

So, what do you need to be a pirate?
First you need a boat

Now you need a telescope and maybe a cardboard tube sword too!!

Turn a shoe box into a treasure box
and fill it with shiny things.

Make your pirate map – and you're
ready to play!

Many of this week's activities can be found at Alistair Bryce-Clegg's website
<https://abcdoes.com/home-learning> or at FrugalFun4Boys.com

Song of the Week – Row, Row, Row Your Boat

Rainbow Pack - Home Learning

Sing along with Mr. Tumble

Story of the Week

This week's story is about a boy who makes a house out of a box. It's a great story to help children think about sharing.

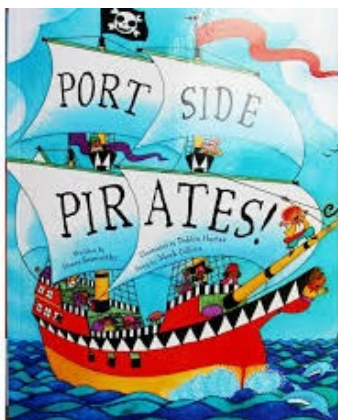

This is Our House
